HEALTH TOURISM - PERFECT VISION AT EVERY AGE - Andorra

From 20 to 45 years old: Dreaming of perfect vision

Enjoy your favourite sport and hobby without the inconvenience of glasses or contact lenses thanks to the world's most advanced laser technology: Schwind Amaris 1050Hz Laser is the fastest, most precise and protective laser for your eyes. It corrects refractive disorders (myopia, hyperopia and astigmatism) in only 1.3 seconds per dioptre. The combination with the femtolaser Intralase 150kH makes this intervention 100% laser.

From 45 to 60 years old: Goodbye reading glasses!

We can help you to get rid of your reading glasses by performing a short intervention of lens exchange combined with the implantation of a premium intraocular lens. Enjoy your everyday life without glasses again!

New! Reduce your dependency on reading glasses with a new corneal implant – Presbia – We are the first and only centre for this minimal invasive procedure in Spain, Portugal and France.

From the age of 60 years: New minimally invasive laser surgery of cataracts

Cataract surgery has achieved a new level of precision and safety. The application of Laser-Femto-Phaco by Lensar maximizes the quality of cataract surgery leading to perfect vision without glasses at all distances due to the implantation of Premium intraocular lenses.
